CricketGuru AI

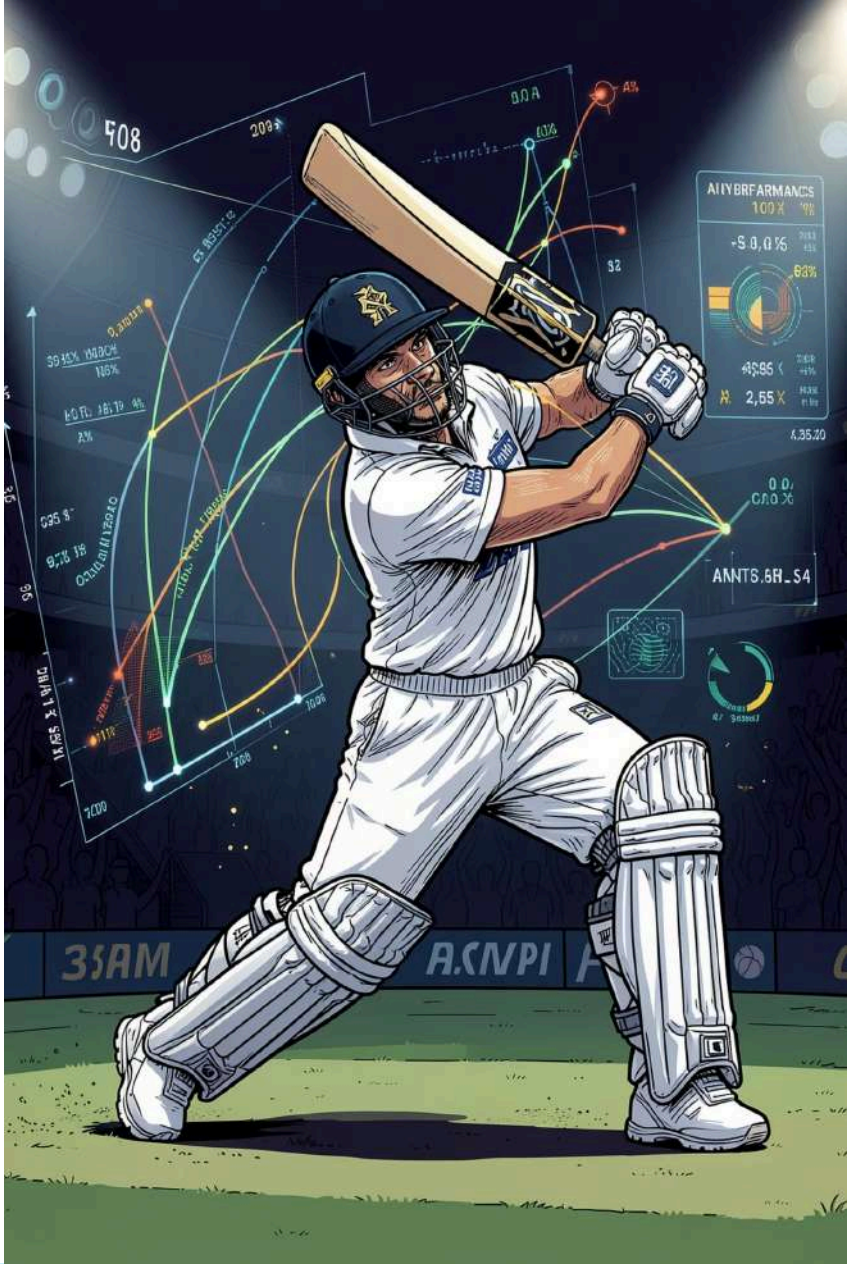

Train Smarter. Play Better.

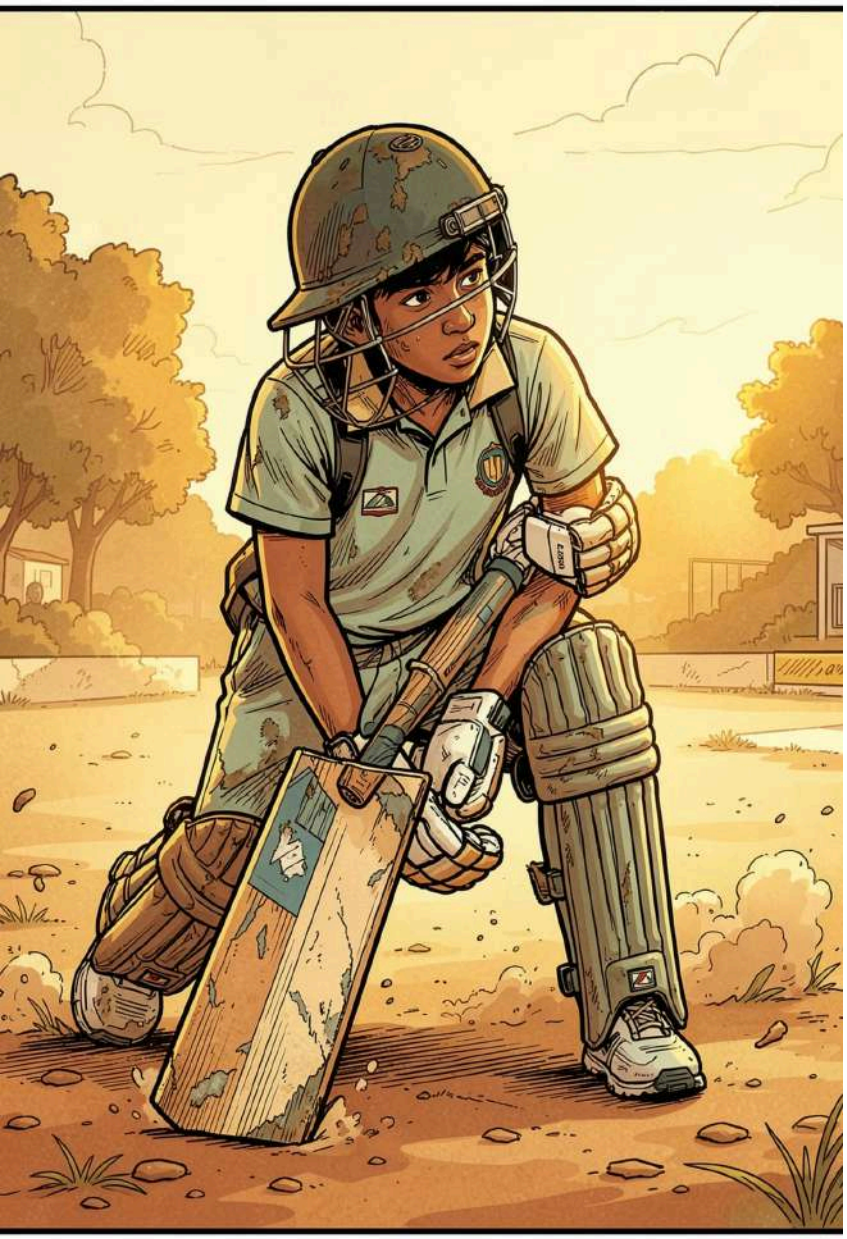

AI-Powered Cricket Coaching Platform · Founder: Rudhir

SEED ROUND · ₹50 LAKHS

WORKING MVP

PRE-REVENUE

The Coaching Gap Is Real

Millions of cricket players lack access to quality coaching — and the tools that do exist are expensive, inconsistent, and not scalable.

Our Solution: AI-Powered Coaching at Scale

CricketGuru AI uses computer vision and deep learning to analyze player videos — delivering expert-level feedback instantly, affordably, and at any time.

Upload Video

Player records batting, bowling, fielding, or wicketkeeping.

AI Analysis

Computer vision detects biomechanics, stance, and technique.

Personalized Feedback

Actionable improvement plan with drill recommendations.

Progress Tracking

Weekly reports and performance trends over time.

Made with GAMMA

The Product Experience

A seamless user journey — from first upload to measurable improvement — across web, mobile, and future VR.

Smart Dashboard

Unified view of all sessions, scores, and progress trends.

AI Video Analysis

Upload any video — AI detects technique flaws instantly.

Performance Reports

Weekly reports with metrics, comparisons, and drill plans.

VR Coaching (Roadmap)

Immersive VR sessions replicating real match scenarios.

A Massive, Underserved Market

Cricket is the world's second-most watched sport — yet digital coaching infrastructure is virtually non-existent. CricketGuru AI targets a **$2.4B+ addressable opportunity** in SportsTech.

- **TAM:** $2.4B — Global SportsTech coaching market
- **SAM:** $680M — Cricket-specific digital coaching
- **SOM:** $34M — India + key cricket markets, Year 1–3

500M+ players globally · India, UK, Australia, and emerging markets

Multiple Revenue Streams, Built for Recurrence

CricketGuru AI is designed for high LTV through subscriptions, partnerships, and enterprise licensing — with multiple entry points for every user segment.

📱 Individual Subscriptions

Monthly & annual plans for players. Freemium tier drives top-of-funnel acquisition.

🏏 Academy Partnerships

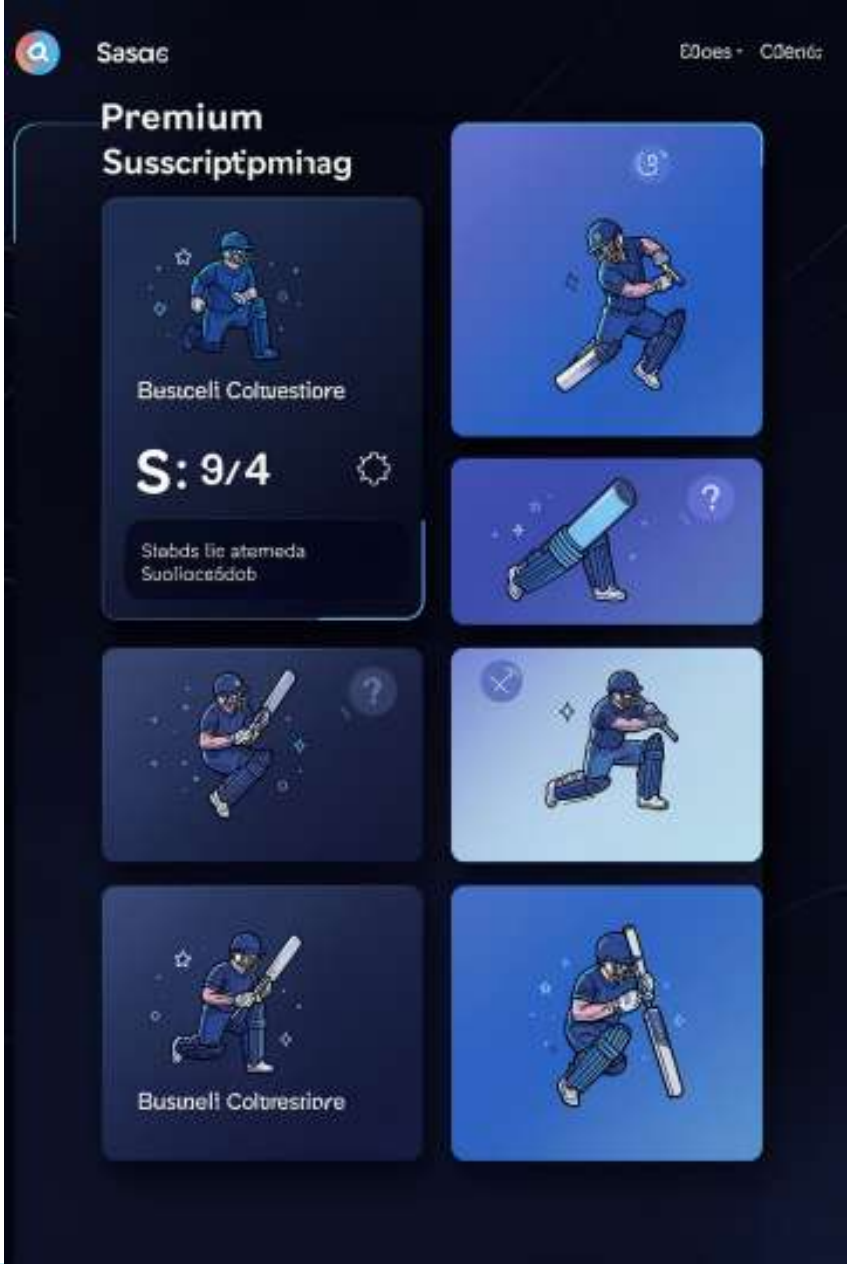

B2B licenses for cricket academies — bulk pricing, coach dashboards, student tracking.

🏆 Team & Enterprise

School, college, and professional team licenses with admin controls and analytics.

⚡ Premium Add-Ons

AI reports, VR sessions, and advanced biomechanics — high-margin upsells.

Traction & Milestones

Bootstrapped with discipline, validated through competition wins, and ready for commercial launch.

1

Concept & Ideation

Problem validation, market research, and initial prototype design.

2

MVP Development

Core AI engine built, website launched, founder-funded with ₹5,000.

3

Competition Wins

Multiple innovation competition wins — external validation of product-market fit.

4

Seed Round — Now

Raising ₹50 Lakhs to scale AI, launch mobile app, and acquire first 1,000 users.

5

Commercial Launch

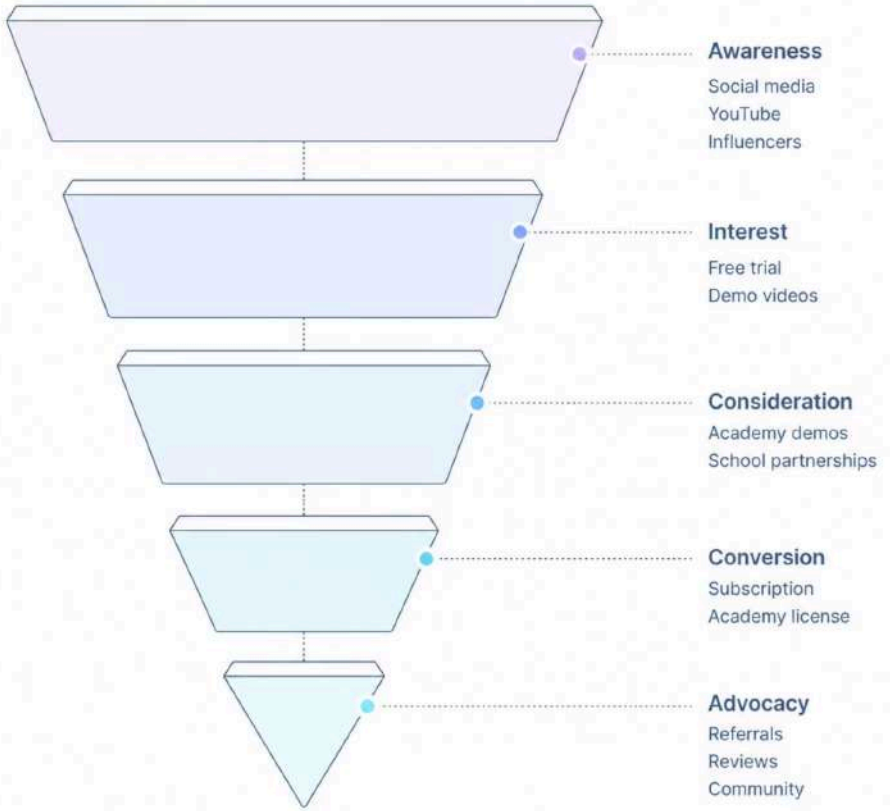

Full platform launch, academy partnerships, and first revenue milestone.

Made with GAMMA

Go-to-Market Strategy

A multi-channel acquisition strategy designed to reach players, academies, and institutions — leveraging content, community, and partnerships to drive low-cost, high-velocity growth.

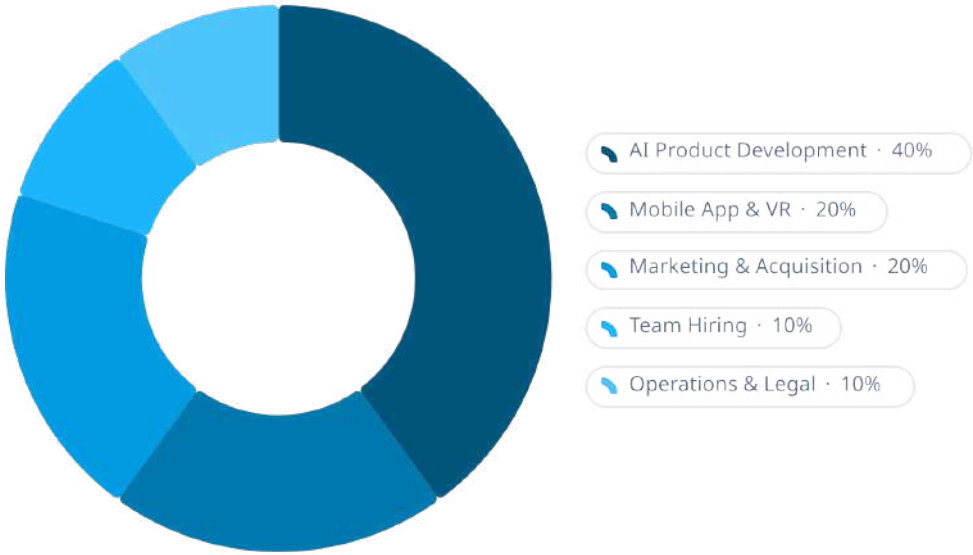

- **Content & Social:** Instagram reels, YouTube tutorials, and cricket influencer partnerships
- **Institutional Sales:** Direct outreach to academies, schools, and colleges
- **Referral Program:** Player-to-player incentives for organic growth
- **Performance Marketing:** Targeted ads during IPL and major cricket events
