tap for wasting water

← so many children, ~~elder~~ elders are wasting the water !!
so can we do the tap when How much water we want
we can take, for Example :- when we ~~put~~ Take a glass
and puts it down the tap will give the water How much
we want

problem :- Children & Elders are wasting the water.

Solution :- Set tap How much water we want.
Ex:- place a glass under th
tap, & it will automa
-tically fill the glass with
the amount of water you
have set

Book
read
when we ~~bra~~ to ~~read~~ at Nights we cant See the bette
SO we can do some light ~~that~~ we can read at nigh
that
one small light that we can see and No one will ge
disturbed
