YOUNG INNOVATORS CHALLENGE

No. (104)

Date :- 20/12/26

Selected

TEAM MEMBERS NAME :- Yashas. M, Vinay. B.R

CLASS :- 8th 'C'

SCHOOL :- Bharathiya Vidya Bhavan

Problem :- Fights happening for seats or places in buses in karnataka

Solution :- Self stopping bus in time of overweight.

There are somany fights happening in bus for seats and places in Karnataka. In some of the cases, people ~~fought~~ had beaten others. So we think, A bus should ~~be~~ have a weight fixed like 500 kg. If there is overweight the bus should stop by itself. It should not move until the overweight comes to normal weight.

Phone no :- YASHAS. M - 9916694055

VINAY. B.R - 7892526822

Problem : It is difficult to control vehicle when it is overside. So the accidents is happening.

Solution : So add sensors to vehicle [BUS] so that when driver is overriding the bus should be turn off automatically
