NAME :- Dharnik. R

CLASS :- VIII 'B'

SCHOOL NAME :- ST. Maria. De, Mathias, School.

PHONE NUMER :- [redacted].8884510055

PROBLEM :- Plaster is used when we get injured Normal plaster will be white, If normal Black colour person. If they put white plaster the plaster looks odd. ~~And they look so~~.

SOLUTION :- If the plaster is made in different shade. They do not look odd. Every person having face colour, like. Black, white ~~they~~ can put plaster also it will not look odd.

Problem :- Bandages with colour match with skin

Solution :- Bandages is white colour is odd that why we have different skin colour Bandages

End user :- Hospital
