1) Somashekhar. P. S
2) O. Sai. Kaushik

Class - 9c

Selected 29/7/26

(107)

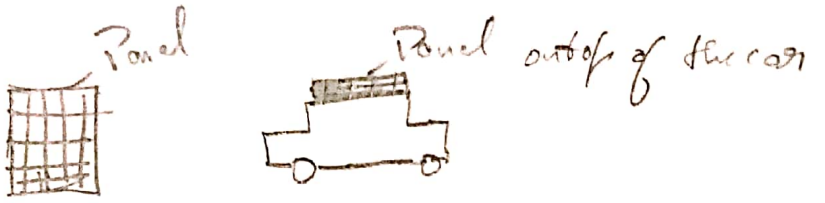

School - Bharatiya Vidya Bhavan

1) Problem :- Lack of information on food combination and malnutrition to the public.

1) Solution :- Giving podcasts to the people and programmes and solutions to it. Collabration with cooking shows to spread awareness

2) Problem :- When we are commuting in an EV car. The car might run out of charge.

2) Solution :- We can use solar panels (portable) on top of the car to use it when the car is out of charge. It is portable (~~require~~) requires no extra wiring.

Ph no :- 1) 9739345028 / 9445885501
2) 8904765878

Problm : Electric Car don't have inbuit charger.

Solution : Add solar panel to car top so can it use solar power to car. We can store the charge in battery also so we can use that on night times.
