Name: Afshan fathima khan (37)

Class :- IX B shortlist

School Name :- ST. JOSEPHS RAJIV NAGAR MYSORE

Phone No :- 8762772512

My Idea :- Water Bottle Cap Alarm

When Water Bottle Cap is kept and to find the cap Sensor has to be fixed when we move away from cap it So Should Alarm using Sensor. So that we can find it.

or

Instead of Alarm there should be a holder to hold the cap, magnet or something to keep the cap with the bottle
