Excellent 10

Problem:- When Exam comes some student Passes the Exam, Some student fails So my idea is.

Solution:- Create an apps which shows that how to get prepare and how to study and [redacted] on exam that shows the sum's, long answer that could help to students.

Another problem:- About the subject some students are weak in some subject. So All subject should be usefull for student. And in all languages. That should Explained clearly for the student. And if we search a question which is difficult

that show easy answers.
