1. Problem :- The school timings is 9:30 to 4:00 it is early so we can't be ready for School.

Solution :- So the timings should be 10:00 to 4:30

2. Problem :- Whenever our mothers do work in kitchen it is hard for them they will get So tired they also need some rest Always they will do work like preparing Food for us

Solution :- So One machine should be like there is washing machine like that only any Existing Robot should that should be there and it should only little Because it do all the work means all the people will be lazy

3. Problem :- Whenever we goes out means it is poluted So Scooter and other vechils should not be Existing used, only cycles should be used. like not only Two or One sit should be there should be Ten sets to sit on that and Ten Pendles. So some people cause from this Cough something problems.

Solution :- Scooters, Cars, train and other vechils should not be use only Cycle should be used.

Scanned with OKEN Scanner

4 Problem :- Whenever we watch phone or T.V our eyes ~~will~~ will be blind

Solution :- So One system should be their like only 15 minutes T.V should work after 4 hours again 15 minutes should work automaticly it should on & off

~~5 Problem :- If some some fight like there~~

5 Problem :- Rate of Gold and silver is should reduce Because who will live in village they can't buy gold or Silver

solution :- So the rate of gold and silver should reduce.

6 Problem :- Whenever some people will wash hands or using water to do some work they not close the tap.

solution :- Automaticly it should close and on
