Problem Statement :- The Special watch

Solution :- ~~How~~ Prepare a watch which take care of you every day. for example :- elder peoples have diabides it is common in India nowadays. So this watch help them How much Sugar they have do Countain every day you just want do ware it 2 min it just tells about your helth care. and much ~~time~~ hours you need take sleep. It is not only used for elders but also for children which helps for our helthy care everday.

~~by this we can make our ecoSystem frendly and healthy. It helps~~

Benefuiary :- We can make our ecoSystem frendly and healthy. It helps daily life helthly : without going for doctors and Not wasting your money.

. Some people Need to go everday to hospital. Some people do not have time So we can prepare watch with is not much cost ~~with~~ which help everyone and make the healthy.
